dewco.com

Since 1974, DEWCO has been the experienced, reliable, family & veteran-owned, factory-authorized stocking distributor in the Rocky Mountain Region - covering Utah, Montana, Wyoming, Colorado and New Mexico. We've been keeping your business flowing for over 47 years!

Water • Wastewater • Mining • Food & Beverage • Construction • Government • Oil & Gas • Brewing
Healthcare • Agriculture • Bottling • Cooling Towers • Boiler Treatment + MUCH More

PULSAFEEDER®

- * Electronic diaphragm metering pumps
- * Peristaltic metering pumps
- * Mechanical motor diaphragm pumps
- * Microprocessor-based water treatment controllers (boiler, cooling tower and timer)
- * Pre-engineered/fabricated systems
- * NSF-61-certified products
- * Industry-leading brands include: Pulsatron, Chem-Tech, Mec-O-Matic, MicroTrac, MicroVision and more
- * Countless pump, controller and skid accessories

Seametrics

- * Mechanical and electromagnetic meters (up to 72")
- * Flow meters with multiple communication capabilities
- * Insertion meters (up to 72")
- * Full bore magmeters (3/8" to 12")
- * Turbine meters (3" to 6")
- * NSF-61 and IP68-certified products

+GF+

- * Chlorine analyzers
- * Batching systems
- * Monitoring and control for conductivity, pH/ORP, level, pressure, temperature and flow
- * Ball and actuated valves
- * COOL-FIT PE+ pre-insulated piping systems

bürkert

FLUID CONTROL SYSTEMS

- * Process and control valves
- * Solenoid, pneumatic, butterfly and SS ball valves
- * Sensors, transmitters and controllers
- * Process actuation
- * Networking
- * NSF-61-certified products

MYRON L COMPANY

- * Hand-held and inline instrumentation for pH, ORP, conductivity, resistivity, free chlorine, dissolved oxygen, nitrate, temperature and MORE
- * NIST standard solutions
- * Bluetooth enabled

- * Solenoid dosing metering pumps
- * Digital multifunction peristaltic pumps
- * Mechanical, diaphragm and plunger pumps
- * 4-20mA, digital pulse, timed dosage, & pH/ORP control built-in
- * Solid PTFE diaphragms are standard on all pumps

- * Peristaltic metering pumps (Single and double head, variable speed programmable and flow activated proportional injection systems)
- * Tanks and pump mounting systems
- * Battery/Solar powered 24 VDC Econ Pumps
- * NSF-61-certified products

- * High-pressure metering pumps
- * Chemical injection, dosing, feed, hydraulic diaphragm, gas, oil and rotary pumps
- * Skid-mounted systems
- * Intuitive controls

- * Magmeters
- * Ultrasonic flow and level meters
- * Industrial hose pumps
- * Pressure relief and back pressure valves
- * Chart recorders, indicators and totalizers
- * Batching controllers
- * Numerous tube and hose options

- * High efficiency drum pumps
- * Air-operated double diaphragm pumps (AODD)
- * Accurate Pumping/Metering systems
- * UL, CSA, Demko, 3A and FDA-certified products

- * ORP and pH electrodes
- * Biotech, pharmaceutical, laboratory municipal and industrial electrodes
- * Countless accessories
- * OEM replacements

- * Fluid transfer, dispensing, dosing, recovery and inventory control
- * Volume meters, hose reels, air-operated piston pumps and air-operated diaphragm pumps (including Directflo®)

- * Polyethylene/plastic storage tanks and basins
- * Double-wall, vertical, conical, Horizontal and/or custom configurations

- * Tanks (water, chemical, vertical, dual-containment, etc.)
- * Secondary containment basins
- * Pump shelves (with covers)
- * Insulation and heaters available
- * NSF-61-certified products

- * Sanitary, butterfly and industrial ball valves
- * Direct mounting (no custom brackets required)
- * Double o-ring protection
- * Automatically adjusts compression of seals

- * Sanitary pumps, valves, fittings, mixers and full process skids
- * Centrifugal, impeller, rotary lobe, progressive cavity and flexible impeller pumps
- * Butterfly, diaphragm and ball valves
- * ISO 9001, CE, 3A, EHEDG, FDA and ATEX Standards

- * Flexible impeller and rotary lobe pumps
- * Hygienic-approved models for food and pharmaceutical use
- * Robust, rugged design and high volumetric efficiency
- * Easy to maintain and perform maintenance
- * Smooth, steady and pulsation-free output

- * Filtration solutions
- * 304L & 316L SS filter housings and cartridges
- * Aftermarket filters and membranes
- * WQA, NSF-61 and ANSI certified products

- * Wireless Network Solutions
- * Utilizes Secure RADIO waves (rather than expensive monthly cellular plans)
- * Plug & Play Sensors
- * Extremely HIGH wireless network range
- * Bidirectional data transfer capable
- * No technical knowledge required to use

Some other GREAT product lines we keep in stock

Vortex Force Aerators
Vortex Flow Inserts
